European BMX Championships in Ängelholm, Sweden.

We are very excited to welcome all athletes, teams, officials and spectators to round 7 & 8 of the European BMX Championships to be held in Ängelholm, Sweden

It's been over 20 years since Sweden last time hosted a European BMX Championships and it's certainly long overdue! The sport of BMX has come a long way in the last decade and Ängelholm BMX is determined to showcase our sport on the very highest level. Everything from a newly build BMX track to a fantastic event setup where big crowds are expected.

The track itself will be one of the best in Europe. Built and designed by Tom Ritzenthaler & EliteTrax it will be a fun and challenging track, featuring a UCI standard 5 meter start ramp and 2 split straight ways.

Ängelholm has a lot to offer as a host city. It is conveniently located in Southern Sweden, with easy access from all of northern Europe and a short 1 hour drive from Copenhagen. With Ängelholm being a beach and coast city, there are plenty of great restaurants, hotels and campsites around!

Once again, we wish you all welcome and can promise you a great BMX weekend!
